USDA/USFS agreed to publish an NOA through our office this next Friday. That will start the 30 day clock. We believe that is reasonable. Deliberative Process / Ex. 5

USFS is pretty confident that the division will overturn the permit denial and grant it. Can you all get a read on this please....

R9 will update Deliberative Process / Ex. 5; next step will likely be a meeting between Alexis, Larry and Mike. I suspect much of R9's draft basis will be unacceptable impacts. Please plug in with Jason since most of the impacts are to water quality and wetlands. We'll want to ensure we all agree with what is portrayed.

We can get together early next week to coordinate if needed.

Thanks, Rob

Yesterday's "tomorrow" has become today. How is your availability today? I'm between planes in Dallas and can talk now or after 3pm (Eastern).
